**Response Procedure:**

The successful firm will be selected on the basis of a Response. A prime provider may only submit one Response. If a prime provider submits more than one Response, that prime provider will be deemed non-responsive. The Response must contain the required information, and should address the recommended information, as listed below. Response submissions will be scored accordingly. If the Response is non-compliant with any of the following requirements, the Response may be deemed non-responsive.

1. Qualifications Statement (QS) – The QS shall contain no more than **nine 8.5x11-inch single-sided pages.**
  - a. QS Format:
    - i. Readability – The submitter has latitude in formatting the QS for visual effectiveness.   - b. QS Content - It is recommended the QS include:
    - i. The RFQ number, airport name, name of firm, firm address, email address, telephone number and contact information for key personnel.   - c. QS Content – For scoring purposes, the QS **must** include:
    - i. Information showing the firm’s project understanding and technical approach, including similar project-related experience of the project manager and each task leader responsible for a major work category. For each project referenced, identify either the project manager’s or the task leader’s specific role(s) and work contributed.
    - ii. In addition to individual project-related experience of the project manager and task leaders required under (ii), list no more than ten relevant projects performed by the responding firm within the last 10 years. This shall include project start date, airport name, location, phone number, and airport contact person’s name, title, and phone number. It shall also include the original project completion time estimate vs. the actual completion time for the cited project, as well as a brief narrative description of the project and whether or not your firm served as the prime or the sub on each project cited.
